

Driver Licence Application Process

Craven District Council will only issue licences to those applicants that it considers to be 'fit and proper' to hold a licence.

Applicants are expected to act with honesty and integrity throughout the application process, and must therefore fully and accurately disclose any information that is requested. This includes information regarding previous convictions, warnings and reprimands, current investigations and pending criminal proceedings.

There is no statutory definition of what constitutes a 'fit and proper' person; however Craven District Council will take a number of factors into account, and set specific criteria for applicants, when considering a licence application. These factors and criteria are detailed below:

1. Applications will only be accepted from applicants that have held a full UK driving licence for at least five years (please note that the requirement is to have held the full licence for at least five years, not five years since the date that you passed your driving test). Applicants that hold full EU licences will have the length of time that they have held such licences taken into consideration, however holders of EU licences will only be issued with a licence for 12 months – the licence will not be renewed unless the EU licence is exchanged for a full UK licence (as required by national legislation).
2. Applicants (who are not existing licence holders) that submit their application for a drivers licence on or after the date on which this policy comes into effect will be required to provide evidence of the following qualifications / skills to the council before a licence will be issued:
 - BTEC Level 2 Certificate Introduction to Role of the Professional Taxi and Private Hire Driver. Alternative qualifications may be accepted provided that they are to an equivalent standard of the BTEC and have a comparable syllabus. Any certificate must have been awarded within the last three years. In cases where the certificate was awarded more than 3 years ago, the certificate holder must demonstrate that they have undertaken a suitable refresher / CPD course – the content of which will be determined by the council.
 - Satisfactory completion of an approved training / awareness raising course in relation to safeguarding children and vulnerable people. This course must have been approved by Craven District Council Licensing Service.

- Ability in English and Math's at least to Entry Level 3 standard (as defined in the Qualifications and Credit Framework).

The council will introduce an implementation scheme that will determine when existing licence holders will be required to provide evidence of the qualifications detailed above.

Licence holders or applicants that possess an NVQ level 2 qualification in Road Passenger Vehicle Driving will only be exempted from the BTEC requirement if they are able to demonstrate that they have undertaken additional training in the elements covered in Unit 6 of the BTEC (including unit code J/502/5985), have a level of knowledge comparable to that obtained by the completion of the BTEC and pass the council's enhanced knowledge test.

Alternative qualifications or training methods may be considered in exceptional circumstances, these will be determined on a case by case basis.

Qualifications (including the BTEC Level 2) will only be accepted if they have been issued by a reputable training provider. The training provider must be able to satisfy the council that it has an effective Quality Assurance Framework in place. The framework must cover all elements of the training, verification, assessment and certification process and must satisfy the council with regard to the quality and reliability of all aspects of the process up to and including the awarding of a certificate.

The council reserves the right to refuse to accept a certificate of qualification as proof of an applicant or licence holder meeting a requirement if it is not satisfied as to the authenticity of the certificate or the quality / reliability of any part of the process that lead to the certificate being issued.

In addition to the above, all drivers will be required to undertake an awareness raising session on safeguarding children and vulnerable adults within 3 months from the date that this policy is implemented. This training must be approved by the council (such as the training delivered by the Corporate Transport Unit as part of the home to school contract provision). Drivers that can evidence that they have undertaken this training within the previous 12 months will be exempt from this requirement.

3. Applicants will be required to obtain an Enhanced Disclosure Certificate from the Disclosure and Barring Service. The contents of this certificate will be assessed in accordance with the council's policy on convictions in determining the fitness and propriety of the applicant.

Licences will not be granted unless the applicant is able to provide at least five years UK address history except in the following cases:

- The applicant is able to provide a document from an EU member state, which is the equivalent of a UK, issued Enhanced DBS Certificate
- If this cannot be provided then an official document provided by the embassy of a non-EU member state will be acceptable, provided that the document can be verified and is comparable to a UK issued Enhanced DBS Certificate

In either of the cases above, the onus is on the applicant to obtain such a document, and the applicant remains liable for all associated costs.

Once it has been issued by the DBS, the Council will consider an Enhanced Disclosure Certificate to be valid for a period of 3 months from the date that it was printed. This is subject to the certificate having been obtained through the Council's licensing service as part of a driver or operator application. The Council reserves the rights to request a new Enhanced DBS check should it consider it appropriate to do so.

4. Applicants are required to have passed the council's taxi and private hire driver knowledge test. This test will assess the applicant's knowledge and ability in relation to:
 - i. Literacy and numeracy
 - ii. Child / adult safeguarding awareness
 - iii. Disability awareness
 - iv. Road Safety
 - v. Basic vehicle maintenance
 - vi. Customer care / customer awareness
 - vii. Local knowledge

A fee is payable by the applicant prior to them undertaking the test. If the applicant fails the test then they may retake it at a later date (subject to the payment of the appropriate fee). However, if an applicant fails the test after taking it for a third time they will not be permitted to take the test again until at least 12 months has passed since the date of the most recent failure.

5. Applicants are required to satisfactorily complete an advanced driving skills test to Driver and Vehicle Standards Agency standards (taxi and private hire test). This carried out by The Bluelamp Trust.
6. All applicants must agree to the council verifying their DVLA driving licence, this will be done via a third party organisation and will require the applicant to give their consent to such a check being carried out.
7. Applicants whose DVLA driving licence is endorsed with more than 6 penalty points will be required to attend a meeting with of the Licensing and Appeals Sub Committee in order for their application to be determined.
8. Before a licence is issued, applicants must provide a certificate from their GP stating that the GP has conducted a medical examination and reviewed the applicant's medical history and is satisfied that the applicant meets the "Group 2" standards.

There will be a fee for this examination and this should be paid directly to the GP.

A medical to Group 2 standards will be required on first application. A new medical will then be required every five years from the age of 45. On reaching the age of 65 a new medical will be required annually and therefore a licence will only be issued for a period of 1 year.

Note: The Council may also request a medical at any other time it feels may be necessary to ascertain a persons' fitness to drive a licensed vehicle.

Applications should be made on the appropriate form(s), and should include the following:

- 5 years' address history for the applicant
- One colour passport standard photograph, which is a good likeness of the applicant
- DVLA driving licence & photo-card (or paper licence if the photocard licence is not held by the applicant)
- Documents required as part of the DBS check
- Proof that the applicant is legally permitted to work in the UK
- the correct fees (please note that any fees for pre-application tests etc. are non-refundable)
- any other documents an officer may ask you for to help progress your application.

In certain cases, applications may need to be referred to the Council's Licensing and Appeals Sub Committee. In these cases the Licensing and Appeals Sub Committee make a decision on what length of licence to grant; or to refuse to grant a licence. This is usually if you have any conviction or police caution, reprimand or warning on your DBS record, but may also be for other reasons.

Once a licence expires, the applicant will be required to complete the application as if it were for a grant of a licence (i.e. the whole process must be undertaken from the start, regardless of how many years the applicant has held a licence previously).

If a licence is not renewed prior to its expiry (or if a renewal application is received, but the application is not determined prior to the expiry of the licence) then that person will no longer be able to lawfully operate as a licensed driver.
